

WHY JOIN THE IPLAN?

THE IPLAN INTERNATIONAL
RETIREMENT PLAN

WHY JOIN THE IPLAN

It's simple really - the younger you are when you join, the greater the opportunity to accumulate benefits and the higher the standard of living you and your family can expect when you finish working.

As life expectancy increases, governments are placing greater emphasis on individuals to make their own provisions for their retirement. You cannot rely solely on the State for your retirement income.

So, it's important to have a plan, an iPlan.

WHAT IS THE IPLAN?

The iPlan is a retirement plan designed specifically for international and mobile employees to give them a safe and secure means to save for their retirement. It is provided

and operated by an independent Trustee and Administrator acting on behalf of its individual members. The iPlan can be

set up and sponsored by the employer or by an individual as their personal, entirely self-funded plan.

BENEFITS OF THE IPLAN:

- Your employer may contribute towards your retirement
 - if your plan is sponsored by your employer and they are offering you the chance to join the iPlan, your employer will tell you how much they will contribute on your behalf and how much you may contribute on your own.
- You can plan when to take your benefits
 - you may choose to start receiving your benefit from age 50 (or earlier on the grounds of ill-health). There is no requirement for you to have completely given up employment before taking your benefit (except on the grounds of ill-health).
- You can opt for a 100% lump sum when you retire
 - the rules for international plans are generally more flexible when it comes to taking your benefits. The key difference with domestic retirement plans is that you can choose to receive a lump sum benefit payment up to 100% of your fund.
- You are covered if you need to retire early
 - should you have to retire at any age due to ill-health, you have the option either to take the 100% lump sum payment or elect to receive a regular drawdown from your iPlan account at an amount and over a period set by you.
- Your money will be in safe hands
 - the iPlan is administered by iPlan Retirement Solutions Limited, we are a professional plan administrator authorised by the Isle of Man Financial Services Authority. We specialise in providing plans to the internationally mobile sector. All contributions and any prior plan transfers made to the iPlan will be ring fenced from all other assets of our company. No other plans operated by us will impact on the iPlan or its member's benefits.
- It's simple to apply
 - for employer sponsored plans please contact your Human Resources Department. For individuals, please contact us directly or visit www.iplan.im. We will be pleased to help you.
